Profile and Objectives:

I have had positions of great responsibility managing numerous ships and human resources, flexible professional and dynamic, willing to work hard and be part of a team, with keen eye for safety and security with a natural ability to create a positive working environment with a multi-cultural crew, I worked constantly in order to assure top quality boat to be delivered to the Customer. " **Experience and specialized Water Jet Driven Kamewa S3/S71- 4 KONGSBERG – Shottel - Arneson drives. - IPS - System.** I spent a lot of time on education and awareness doing professional courses as: Communication-Human resources - Image-Budget - Public speaking- Time management / Delegation - Total quality. During my career I did several private worldwide charter cruises, specialized marine work - quality monitoring – maintenance, working for Private Owners, Companies and Shipyards leaders in the marine industry. I have an advanced computer literacy, efficient with SMS / ISM / ISPS / MLC paperwork, ship administration, log-keeping transparent and updated accounting respecting the approved budget. Aiming for order, I tend to oversee any activity on board. Clean Record (no convictions), Handling ship Record (no accidents), I consider that my knowledge and experience will benefit Anyone allow me to use my capabilities to the fullest. My career and achievements serve as a testimonial to my dependability, responsibility and capacity to undertake new challenges while delivering results within any organization. I would welcome the opportunity to discuss the job requirements.
